ice skating rinks permanent

Permanent installations

We project and realize permanent ice rinks, offering advanced customer orientated solutions in terms of technologies, materials, quality and safety.

From a classic installation with concrete to innovative solutions like mobile systems, multipurpose systems with asphalt or turf, we are the specialist offering the perfect solution for every need.

multipurpose...

we offer multipurpose systems for multipurpose usage. Whether it is in asphalt, turf or other surfaces, with this kind of solutions, the rink will be usable not only for ice skating but for all types of function.

The perfect solution

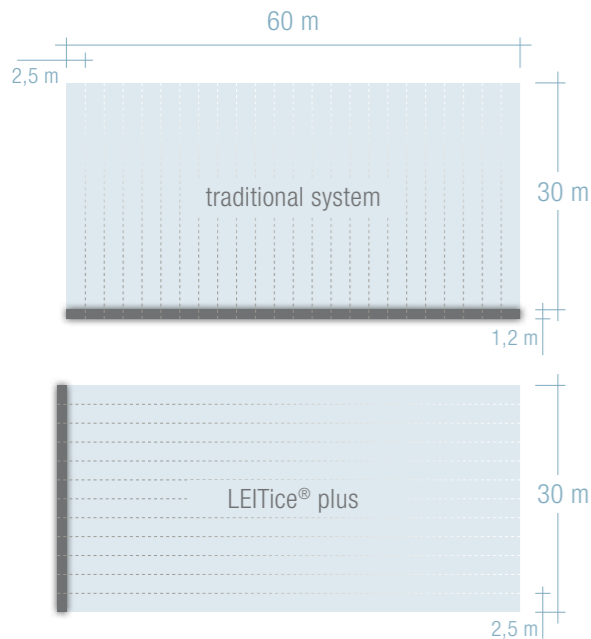

- for existing sport facilities which have the need of upgrading their actual sport center (even soccer, tennis or others)
- if you would realize a new multipurpose sport and event area

Advantages

- asphalt is ideal for inline hockey skateboard usage but also perfect for exhibitions, concerts and all other activities.
- turf or other synthetic surfaces are excellent surfaces for every kind of sport usage during the summer period and/or kids.
- the hole system is tested and ready for installation and immediate use
- Energy consumption is extremely low compared to old fashion systems

ice skating rinks permanent

Advantages LEITice® plus

- -30% cost optimisation
- -50% of boxes
- -40% installation time
- +100% flow optimisation
- +25% accessibility (free long sides)

mobile...

we define it permanent mobile if you only have to install the mat system manually, if needed

It is a solution for

- sport facilities
- recreational areas
- municipal centers
- multi purpose areas

Advantages

- it is an economical solution with a excellent ice quality
- no need of modifications on the infrastructure
- easy and fast

permanent ice rinks
accessories

**All the necessary
accessories**

Intercom - Dr. Leitner as the market leader works with the market leader. Therefore we offer the best solutions and products.

Zamboni offers a wide range of product which are the only real choice for maximum efficiency and optimal performance.

ice resurfacing

permanent ice rinks accessories

All the necessary accessories

Our professional dasher boards are built according to all National and International rules (like f.e. IIHF International Ice Hockey Federation, DEB,...), according to DIN 18036 and ISO 9001.

Professional engineering and construction:

- different types of dasher board systems (double or single frame) Olympia or Elite, with hot galvanized iron frame as well as HDPE sheets
- player doors, Zamboni door etc..
- all different spectator protection systems with glass, PC according to the regulations IIHF and DIN.
- player boxes etc...
- advertising protection system

elite dasher boards...

Professional athletes need professional systems!

Therefore the double-hull ice hockey boards are the best solution for the highest demands.

sport dasher boards...

Single frame boards

Single frame boards are the best solution for permanent and mobile installation. Whether it is indoor or outdoor usage.

easy dasher boards...

Easy is the "lightest" version of the dasher board system

When there is no need for official games or the dasher is needed only for mobile or easy sport events, easy is the right choice.

skating rinks synthetic

Synthetic skating rinks

Operating a skating rink 365 days a year: in an economical, ecological and profitable way.

We have skating rinks which deliver a skating sensation similar to an ice rink.

It can be operated indoor or outdoor.

All different types of sport and fun activities can be practiced.

Many advantages are guaranteed

- electrical power consumption: 0
- easy and fast installation
- minimum of maintenance
- the panels are reversible
- it is a mobile system – just plug and play
- usage during all seasons

ice skating rinks environmental policy

Ecological aspects

- Operating an ice rink costs energy. With some of our systems we are able to save up to 40 % of energy.
- **Our glycol** is more environmental friendly than every other product.
- **Green energy** is being used to run our ice skating rinks.
- **We are ISO 14001 certified**
- **ISO 9001**
- **BS OHSAS 18001**

For you and your sponsors we offer our rendering services for your entire project.
For you it will be more easy to offer yourself to potential partners and sponsors.

We guarantee the perfect ice rink with success...

- Installation and disinstallation
- Boarding
- Cooling machines
- Power units
- Skates
- other accessories
- Fast melting systems
- Insurance

THE 4 SEASONS ARE OUR PLAYGROUND.
